PRE-TOUR June 2-5 15th INTERNATIONAL HERITAGE ROSE CONFERENCE June 5-9 **POST-TOUR June 10-15**

Dear Rose Friends

It is my great pleasure to welcome you all to the 15th International Heritage Rose Conference in my country. The Belgian Royal National Rose Society is more than honoured to host this event under the auspices of the World Federation of Rose Societies (WFRS). The attachment that Belgium has for the Rose goes back to the time of Emperor Charlemagne (the father of Europe) as around the 800's he encouraged the cultivation of the rose in our country and of course at that time only some species were available

Belgium has a long rose cultivar history. Parmentier, Crépin, van Houtte and Lens are famous names that have in the past made Belgium's renown through the world. P.J. Redouté, born in Belgium was certainly the "Raphael" of the rose painters. He was a favourite of Marie-Antoinette and he tutored Empress Josephine. Famous for his water paintings of old rose cultivars he gave a good picture of early rose breeding.

For all rose lovers, our organizing committee is preparing a beautiful event with speakers dedicated to the old rose family and their conservation along with exciting visits and Belgian cultural experience. During the Pre and Post tours, participants will have the opportunity to see more historical places and gardens. I strongly encourage you to visit us in June 2023 for friendship around the roses.

"It is the time you have wasted for your rose that makes your rose so important." (Saint-Exuperv)

With all my roseful regards
